Signature of Pet Owner or Authorized Person

Date

My signature above acknowledges that I have a reservation at the CDC-approved animal care facility, Pet Limo Animal Services. Upon arrival at Miami International Airport, I am required to report to Pet Limo, as CDC requires that my dog be examined by a veterinarian and re-vaccinated for rabies with a US-licensed rabies vaccine. I understand that I am required to wait for Pet Limo at the airport to transfer the pet to the Pet Limo representative. Any deviation to these procedures could result in additional charges. It is my responsibility to comply with the guidelines set forth by the CDC and Pet Limo Animal Services. I further understand that I am forfeiting any refunds if I do not comply with the above-mentioned guidelines and procedures. Additionally, once my documents have been reviewed, I understand that refunds will be calculated based on unused services in the event of a cancellation.
